

Privacy Policy for MoonWorx App

General

Indiworx oHG takes the protection of your personal data very seriously. We treat your personal data as confidential and in accordance with the statutory data protection regulations, including in this data protection declaration.

This privacy policy applies to our mobile iOS and Android app MoonWorx (hereinafter "app"). It explains the type, purpose and scope of data collection in the context of app use.

We point out that data transmission over the Internet can have security loopholes. It is not possible to fully protect data from third-party access.

Responsible Body

"Responsible body" means the body that collects, processes or uses personal data (e.g. name, email addresses, etc.).

The responsible body for data processing within the scope of this app is:

Indiworx oHG
Schwarzenbergstr. 7
83714 Miesbach
Germany

Phone: +49 8025 9259390

Email: info@moonworx.de

What data is being collected?

Personal data is data which allow conclusions to be drawn about your person (e.g. email address, name, IP address, etc.).

Personal data may be collected as part of the use of the app, in particular in the following manner:

1. You enter the data yourself (e.g. via the contact form on the website or by using the feedback function).
2. Your data is collected based on the access rights this app requires and which you have granted in your device's system settings (e.g. location).

During the installation and use of MoonWorx app, no data is transferred to the Indiworx oHG. External links have informative character exclusively.

Data you enter within the app

Biorhythm data

MoonWorx offers the possibility to record and store personal data within the app. This personal data (name, date of birth) is recorded locally on your mobile device and used to display the biorhythm.

Send feedback

If you use the "Send feedback" function in the app, your details will be sent through the e-mail app installed on your device. This data will be processed in this email app and, in addition, the data you provide will be stored by Indiworx oHG for the purpose of processing.

Your data will not be passed on by Indiworx oHG without your consent.

Access rights of the app

In order to use the full functionality of the app, the app must be authorised to use various functions of your mobile device. To do this, you must grant certain permissions.

Basically, there is no transmission of data to the Indiworx oHG. The data is processed exclusively within the app and stored locally on your device.

If you have granted permissions, these will be used within the app as described below:

(1) Determining location

To determine your exact location for calculation of sunrise / moonrise and sunset / moonset. The location coordinates are stored within the app on the respective device.

To use the location services, they must be activated on your mobile device.

As soon as you call up the settings for storing the location for the first time, access to the location information is requested. A confirmation will result in the MoonWorx app being able to access your location information. It is possible to deny permission to determine location.

To visualize your location, it will be displayed in a Google map. Your location information will be sent to the provider of this map.

(2) Read and write on the device memory

The reading / writing of the device memory is done for the following purpose: For the PDF export of a day view and for exporting a biorhythm as an image file. For this, these files must be temporarily cached (write). For further processing of the exported data, this data must be accessible (read).

Map services

Google Maps

This app uses the Google Maps map service via an API. It is operated by Google Inc., 1600 Amphitheatre Parkway, Mountain View, CA 94043, USA.

To use Google Maps, it is necessary to save your IP address. This information is generally transmitted to a Google server in the USA and stored there. The provider of this site has no influence on this data transfer.

The use of Google Maps takes place in the interest of an appealing representation and a usable use in the app.

Further information about handling user data, can be found in the data protection declaration of Google at <https://www.google.de/intl/de/policies/privacy/>.

Passing data to Firebase

Your personal data will be transmitted to Google Firebase. Firebase is a Google subsidiary and is based in San Francisco (CA), USA.

Firebase is used in the MoonWorx app to analyze user behavior. The user data is transmitted anonymously to Firebase. This serves to determine and optimize the scope of MoonWorx functions, as well as to analyze which functions are used in the app and how often.

The data will be transmitted on the basis of our legitimate interests pursuant to Art. 6 Para. S. 1 lit. f DGSGVO for the aforementioned purposes.

For more information about Google Firebase related privacy, please visit our privacy page: <https://www.firebase.com/terms/privacy-policy.html>.

Links to websites of other providers

The MoonWorx app contains links to websites of other providers. These include the meal of the day and yoga exercises. We have no influence on whether these providers comply with data protection regulations. We therefore ask you to inform yourself about this provider's data protection practice.

Information, blocking, deletion

As permitted by law, you have the right to be provided at any time with information free of charge about any of your personal data that is stored as well as its origin, the recipient and the purpose for which it has been processed. You also have the right to have this data corrected, blocked or deleted. You can contact us at any time using the address given in our legal notice if you have further questions on the topic of personal data.

Right to file complaints with regulatory authorities

If there has been a breach of data protection legislation, the person affected may file a complaint with the competent regulatory authorities. The competent regulatory authority for matters related to data protection legislation is the data protection officer of the German state in which our company is headquartered. A list of data protection officers and their contact details can be found at the following link:

https://www.bfdi.bund.de/DE/Infothek/Anschriften_Links/anschriften_links-node.html

Opposition to promotional emails

We hereby expressly prohibit the use of contact data published in the context of app legal notice requirements with regard to sending promotional and informational materials not expressly requested. The app operator reserves the right to take specific legal action if unsolicited advertising material, such as email spam, is received.

Amendment of this data protection declaration

We reserve the right to change these data protection regulations at any time in compliance with legal requirements.
